FEBRUARY 2024

## Riverscape Celebrates Black History

As we commemorate Black History Month, we are reminded of the resilience, strength, and contributions of Black Americans throughout history. This month, our students have engaged in special activities to honor and celebrate this rich heritage.

### Safety Measures and School Updates

To ensure the safety of our students, we have implemented some changes. Please note the new entry time of 9:30 am. We kindly request that all students arrive promptly to school. Parents, we encourage you to have conversations with your students about the importance of attendance and arriving on time.

Additionally, for safety reasons, students are not allowed to wear face or head coverings unless it is a mask. This policy is in place to ensure clear identification and to maintain a safe and inclusive learning environment.

### Collaborative Projects

Our students have been actively involved in Black History Month activities. In Mr. Waggoner's art class and Mrs. Ayereon's English class, students collaborated on projects that highlight the achievements and impact of Black individuals throughout history. These projects have not only been educational but also inspiring, showcasing the creativity and talent of our students.

As we continue to celebrate Black History Month, let us remember the importance of diversity, inclusion, and understanding in our community. Together, we can honor the past, celebrate the present, and inspire the future.

### UPCOMING EVENTS

- February 28 - Black History Month Celebration
- March 12- March 16 - Spring Break
- March 22 - Isibindi Fear Factor Battle of the Houses
- March 29 - Good Friday (NO SCHOOL)

## CLASSROOM SPOTLIGHT

Mrs. McBride's Construction class at Riverscape Career Tech High School is a beacon of hands-on learning and practical skill development. Through her guidance, students not only learn about tools, mathematics, and construction but also how to apply these skills in real-world scenarios. One of the exciting projects students undertake in her class is building toolboxes.

By constructing toolboxes, students blend their theoretical knowledge with practical application, honing their skills in measurement, precision, and problem-solving. Mrs. McBride's class emphasizes the importance of craftsmanship and attention to detail, teaching students the value of patience and perseverance in their work.

Under Mrs. McBride's mentorship, students develop a deep appreciation for the construction trade and gain confidence in their abilities. Her class serves as a foundation for students interested in pursuing careers in construction, providing them with the skills and knowledge needed to succeed in this dynamic field.

Mrs. McBride's passion for teaching and commitment to her students make her an invaluable asset to Riverscape Career Tech High School. Her dedication to fostering a love for learning and empowering students to reach their full potential is truly commendable.
